

## **AERIAL MOSQUITO SPRAYING**

The Air Force from Langley will be spraying the Peninsula (weather permitting) for mosquitoes from Tuesday, July 7 through Thursday, July 9, 2009. The spray flights will be from 4:30 PM to 8:30 PM when the mosquitoes are the most active. Area beekeepers should protect their hives as the spray is deadly to bees. Also residents who may be allergic to the spray should remain indoors for at least 30 minutes after the spraying.

If you need more information on the spraying, please contact the Public Works Department at 868-3590.
